Section 4. First Aid Measures

Eye Contact	Flush immediately with plenty of water. If irritation persists, get medical attention.	
Skin Contact	Flush immediately with plenty of water. If irritation persists, get medical attention.	
Inhalation	If breathing is difficult: Remove to fresh air. Get medical attention.	
Ingestion	Immediately drink one cupful of water or milk. Never give anything by mouth to an unconscious person. Get medical attention.	

Section 5. Fire Fighting Measures

Flammability of the Product	COMBUSTIBLE.	
Flash Points	Closed cup: 43.333°C (110°F).	
Products of Combustion	None known.	
Fire Fighting Media and Instructions	Vapors are heavier than air and may spread along floors. Avoid all possible sources of ignition (spark or flame). Use water spray to keep fire exposed containers cool. dry chemical, carbon dioxide.	
Protective Clothing (Fire) Special Remarks on Fire		
and Explosion Hazards	breathing apparatus (SCBA) and full turnout gear.	

Section 6. Accidental Release Measures

Personal Precautions	Put on appropriate personal protective equipment (see Section 8.).
Precautions and Clean-up	Eliminate all ignition sources. In the event of major spillage: Use appropriate containment to avoid environmental contamination. Take up with sand or other non-combustible material.
Methods	Place in suitable clean, dry containers for disposal by approved methods.

Section 7. Handling and Storage

Handling	Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mists. Wash thoroughly after handling. Use only in well-ventilated areas. FOR COMMERCIAL AND INDUSTRIAL USE ONLY.
Storage	Store in a dry, cool and well-ventilated area. Protect from freezing. Keep away from heat, sparks and flame. KEEP OUT OF REACH OF CHILDREN.

Section 8. Exposure Controls/Personal Protection

Engineering Controls No special ventilation requirements. General room ventilation is adequate.

Personal Protection

Eyes Safety glasses with side shields.

Hands No special requirements under normal use conditions. For prolonged or repeated contact with skin: Neoprene gloves. Rubber gloves.

Respiratory No special requirements under normal use conditions.

Feet No special requirements under normal use conditions.

Body If major exposure is possible, wear suitable protective clothing.

Section 9. Physical and Chemical Properties

Physical State and	Liquid.
Appearance	
Odor	Hydrocarbon solvent (Slight.)
Color	Amber.
рН	Not applicable
Specific Gravity	0.89
Solubility in water	Negligible.

Material Safety Data Sheet JON-WOOD POLYURETHANE WOOD FLOOR FINISH

Section 10. Stability and Reactivity **Stability and Reactivity** The product is stable. **Conditions of Instability** None known. **Incompatibility with** Reactive with oxidizing agents, acids. Various Substances Hazardous Decomposition When exposed to fire: Produces normal products of combustion. **Products**

Hazardous Polymerization Will not occur.

Section 11. Toxicological Information

Acute toxicity

ORAL (LD50) Estimated to be greater than 5000 mg/kg (rat).

Effects of Chronic

None known.

Exposure

Other Toxic Effects None known.

Section 12. Ecological Information

Not available.

Section 13. Disposal Considerations

Waste Information

Undiluted product is regulated under environmental and transportation laws as an ignitable waste. Dispose of according to all federal, state and local applicable regulations.

Section 14. Transport Information

DOT Classification

DOT Proper Please refer to the Bill of Lading/receiving documents for up to date shipping information. **Shipping Name**

TDG Classification

TDG Proper Please refer to the Bill of Lading/receiving documents for up to date shipping information. **Shipping Name**

Section 15. Regulatory Information

Reporting in this section is based on ingredients disclosed in Section 2

US Regulations

Federal SARA 302/304/311/312 hazardous chemicals: mineral spirits SARA 311/312 MSDS distribution - chemical inventory - hazard identification: mineral spirits

State New Jersey: mineral spirits Massachusetts RTK: mineral spirits Pennsylvania RTK: mineral spirits

This product is not subject to the reporting requirements under California's Proposition 65.

Registered Product Not applicable.

Information

Canadian Regulations

WHMIS Classification CLASS B-3: Combustible liquid with a flash point between 37.8°C (100°F) and 93.3°C (200°F). CLASS D-2B: Material causing other toxic effects (TOXIC).
