No special protection or precautions have been identified for using this product under directed consumer use conditions.

The following recommendations are given for production facilities and for other conditions and situations where there is increased potential for accidental, large-scale, or prolonged exposure:

Hygienic Practices: Wear safety glasses and protective gloves when handling product. Engineering Controls: Use ventilation to minimize exposure to vapor or mist. Work Practices: Minimize skin contact and inhalation of vapor or mist.

U.S. DOT Hazard Class: Not restricted.

U.S. DOT Proper Shipping Name: None

EPA - SARA Title III/CERCLA: Product may be regulated under sections 311/312. Packaged product is not reportable.

TSCA Status: All components of this product are on the TSCA inventory.

VI Spill Procedures/Waste Disposal **VII Reactivity Data**

Steps to be taken in case material is released or spilled: Eliminate all sources of ignition. Ventilate area. Mop up excess. Flush off any remaining material with soapy water. Flush again. Respiratory Protection: If handling large industrial or warehouse spills, people should use NIOSH approved respiratory protection.
Waste Disposal Method: Dispose of in accordance with state and local regulations for consumer products. Empty bottles may be landfilled.
Other Precautions: N/A

Stability: Stable

Conditions to Avoid: Temperatures over 120_

Hazardous Polymerization or Decomposition: None known

VIII Fire and Explosion Data **IX Physical Data**

Flashpoint: Flashpoint of liquid is ≥ 115 using a closed cup Herzog tester. Product does not sustain combustion.
Fire Extinguishing Agents: All types.
Special Fire Fighting Procedures: N/A
Unusual Fire and Explosion Hazards: None

pH~9.0
 Viscosity.....~1 cps at 20°
 Density~0.98 g/ml at 25°
 Appearance.....Clear Liquid
