Material Safety Data Sheet

Section 6. Accidental Re					
		pment (see Section 8). Dilute with water and mop up, or absorb			
	an inert dry material and place in an app	propriate waste disposal container.			
Section 7. Handling and					
		or mist. Avoid prolonged or repeated contact with skin. Keep			
	on. Wash thoroughly after handling. n a cool, well-ventilated area. Store between 40°F and 120°F.				
	ainer tightly closed. Keep container i of the reach of children.	in a cool, well-ventilated area. Store between 40 F and 120 F.			
<u>^</u>	ntrols, Personal Protection				
Section 6. Exposure Co	Personal Protection	Protective Clothing (Pictograms)			
Eyes Splash goggles.					
• • • • • •	ater garments when there is the potential	l for contact with			
the material.					
Respirator A respirator is	s not needed under normal and intended	conditions of product use.			
Section 9. Physical and	Chemical Properties				
Physical State Liquid.		Color Colorless.			
pH 1.5 [Ac	cidic.]	Odor Pleasant.			
Boiling Point 100°C	(212°F)	Vapor Pressure Not determined.			
Specific Gravity 1.02 (Water = 1)		Vapor Density Not determined.			
Solubility Easily	soluble in cold water, hot water.	Evaporation Rate Not determined.			
		VOC (Consumer) 0 (g/l).			
Section 10. Stability and	d Reactivity				
Stability and Reactivity	The product is stable.				
Incompatibility					
Hazardous Polymerizat	tion Not available.				
Hazardous Decomposit	tion Not applicable.				
Products					
Section 11. Toxicologic	al Information				
Toxicity to Animals	Sulfamic acid:				
		3160 mg/kg [Rat.].			
	Hydroxyacetic acid:				
		938 mg/kg [Rat.].
